## Notes & Details

Make short work of mixing or blending jobs right in the bowl or stock pot with this AvaMix IBHD14COMBO variable speed heavy-duty immersion blender with blending arm and whisk attachment! Boasting two attachments, this heavy-duty blender is a versatile tool that every commercial kitchen needs. It features a 14" long stainless steel blending arm to blend, crush, chop, or puree, as well as an attachment with two 10" stainless steel blending whisks to blend, mix, or whisk. Great for everything from soups and sauces to mashed potatoes and mousses, this unit has a 1 1/4" hp motor for blending products at up to 18,000 RPM.

To ensure the operator with full control, this blender features a variable speed mechanism that allows you to adjust the rate with which you're whipping or emulsifying your products. For user safety, the unit requires two buttons to be pressed to start the unit, but once running, the enable button can be released and the unit is controlled just using the power button. This unit also includes a lock button for convenient, hands-free operation.

You can easily adjust the speed of the unit from the handle for a convenient, user-friendly experience. The cooling fans on the housing ensure that this unit is a workhorse but does not overheat, ensuring that this unit will stand up in your commercial kitchen. The blending shaft is dishwasher safe and easily detaches from the base so that it can be cleaned and stored efficiently. To clean the whisk attachment, hand washing is recommended. A 120V electrical connection is required for operation.
