Notes & Details

The AvaMix Apex HBX20002J 64 oz. 3 1/2 hp programmable commercial blender with touchpad combines raw power and maximum simplicity in a blender that can stand up to even the busiest bars and restaurants! Its powerful motor makes it a true workhorse in any commercial setting, while the removable sound enclosure minimizes noise for convenient use in front or back of the house operation. The smooth touchscreen display is incredibly simple to learn and can safely be used with either wet or dry hands. It's a great multi-purpose blender, perfect for everything from cocktails to spreads and dressings, and boasts plenty of practical, useful features to keep your business running smoothly.

With 5 reprogrammable functions, you can set up this blender to make your most popular recipes with a push of a button. Whether you're making margaritas, smoothies, sauces, or soups, this commercial blender will ensure perfectly smooth drinks without unwanted ice or fruit chunks. Add ingredients to the blender at any stage in the mixing process by simply removing the clear center lid and adding additional ingredients into the premium polycarbonate jar. When you need a quick burst of power to finish off a recipe or clear the blade area, it also has a convenient pulse switch to throttle the unit to its highest speed. The 64 oz. BPA-free Eastman Tritan™ jars that provide maximum durability while allowing this model to handle large volume blending. This kit comes with 2 of these high impact, heavy duty jars so that you don't have to stop to clean out a jar between recipes. Jars should be hand-washed for best results.

This blender's 3 1/2 hp motor boasts 30,000 RPM and 1800W, making it more than capable of handling ice crushing, drink mixing, smoothies, house-made spreads or salsa, and anything else you can throw at it. This unit requires a 120V connection for operation.
